FULLSTACK DEVELOPER

Motivated and results-driven Software Developer seeking a challenging position within a large organization as a Backend or Mobile Developer. Possessing a solid foundation in building robust APIs, secure backends, and intuitive user interfaces, with a proven ability to drive efficiency, deliver successful outcomes, and collaborate effectively within cross-functional teams.

KEY COMPETENCIES

Problem-Solving	Continuous Integration & Deployment	Strong interpersonal skills
Agile & Scrum Methodologies	Critical thinking skills	Proactive and self-motivated
Security Best Practices	Excellent communication skills	API Development & Integration

---

PROFESSIONAL EXPERIENCE

Giktek   **May 2024 - Present**
Backend and Mobile Developer Intern
Developed and implemented streamlined, secure backend systems utilized by multiple banks nationwide, enhancing the security of banking operations. Designed and developed a standardized mobile app reporting framework, significantly improving the visibility of key performance metrics and enabling data-driven decision-making across the organization.

Freelance Soko   **Jan 2023 - Feb 2023**
Fullstack Web Developer
Contributed to the development of the Freelance-Soko website, a web application that manages freelancers. Engaged in various software development projects, continuously enhancing my expertise and skills in software development.

Duara Inclusion Initiative   **Aug 2021 - Feb 2023**
IT Personel
Led IT operations for a non-profit organization, overseeing everything from branding and website management to technical equipment maintenance.
